Parkway Shenton
Executive Health Screeners

SCREEN EXCELSIOR

Own Tomorrow's Health, Today

Step into a new class of care with
bespoke, full-body health screening.

Private. Fast-tracked. Tailored for you.

Your time is valuable.
Your health is everything.

Welcome to a space where precision medicine meets refined hospitality. In a single visit to *Parkway Shenton Executive Health Screeners* at **Mount Elizabeth Hospital**, gain deeper insights into your health — powered by cutting-edge diagnostics, same-day consultations, and care designed around your lifestyle.

Our longevity-driven approach uncovers early signs of ageing and chronic conditions, empowering you to take control of your healthspan with clarity and confidence.

One Destination. Total Convenience.

All diagnostics and consultations are completed on the same day, under one roof. Results and medical review are ready within 24 hours — so you can move forward, uninterrupted.

Private. Luxurious. Purposefully Designed.

Unwind in a dedicated executive lounge with gourmet dining, discreet service, and refined comforts. Every detail is curated to elevate your experience.

Concierge Care, End to End.

From priority scheduling to chauffeured transfers, our concierge service ensures every step is seamless, personalised entirely to your preferences.

A Comprehensive Blueprint for Your Health

This is not a standard check-up. It's a deep, data-rich evaluation that maps your current health and anticipates future needs — giving you insights to protect and optimise your wellbeing for years to come.

Male — SGD $12,388*

Female — SGD $12,888*

*Prices inclusive of GST.

Vital Health Foundations

A complete review of **heart, lungs, eyes, physical function, and body composition,** supported by **comprehensive blood and health tests** that surface key indicators beneath the surface.

Metabolic & Performance Insights

Advanced assessments of **fitness, organ function, hormonal balance, vitality markers, and ageing biomarkers** — giving you the knowledge to understand how your body adapts and thrives.

Cancer & Advanced Detection

Next-generation screening — from **multi-cancer blood tests to CT, MRI, and organ-specific scans** — designed to uncover silent risks early, so you can focus on living well.

Your Seamless Screening Journey

From planning to results,
every step is designed to be effortless.

01 Pre-Visit Coordination

02 Screening & Same-Day Results

03 Post-Care Support

Customise your package with specialised add-on tests:

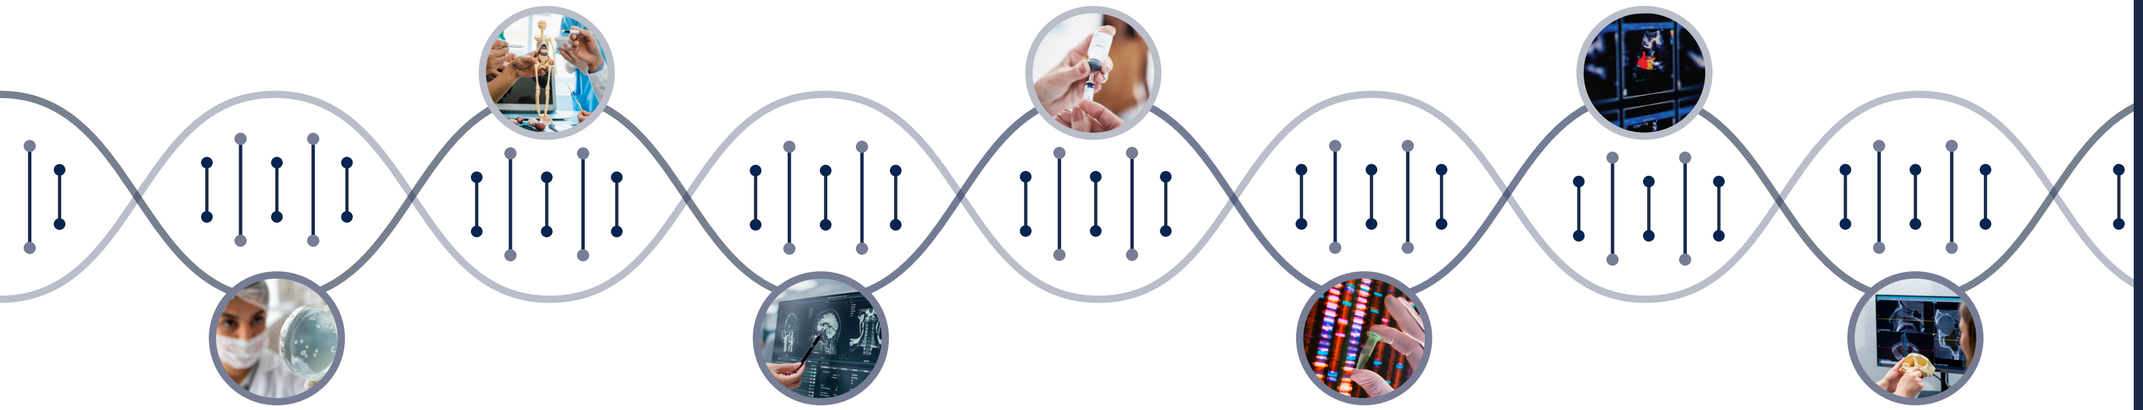
Multi-Cancer Early Detection
Blood test for up to 50 cancer types before symptoms arise.

Whole-Body DEXA Scan
Precise measurement of bone, muscle, and fat distribution, from osteoporosis risk to optimised physical performance.

Cognitive Brain Function Screen
Early insight into memory and brain health.

Sleep Study
Reveals hidden sleep interruptions and breathing issues linked to Obstructive Sleep Apnoea.

Vaccinations
Get the protection you need based on age, lifestyle, and global health risks.



Gastroscopy & Colonoscopy
Non-invasive scan for early detection of gastrointestinal conditions.

Musculoskeletal AI Assessment
AI-powered scan of joints, posture, and movement to detect early stress and degeneration.

Gut Microbiome Test
Analyse gut flora balance to support digestion, immunity, and overall health.

Allergy Test
Pinpoints hidden triggers, from food to dust, for clearer breathing, skin, and energy.

Rhinoscopy
Minimally invasive nasal scope to assess airway health and inflammation.

Curated for Deeper Insight

Add targeted tests to gain a more complete understanding of your health profile.

Choose from a range of advanced assessments, each selected for its ability to uncover hidden risks, support longevity, or protect against specific conditions.

Tailor your health assessment with precision — because prevention deserves nothing less.
