

Parkway Shenton
Executive Health Screeners

SCREEN EXCELSIOR

Own Tomorrow's Health, Today

Step into a new class of care with
bespoke, full-body health screening.

Private. Fast-tracked. Tailored for you.

Your time is valuable.
Your health is everything.

Welcome to a space where precision medicine meets refined hospitality. In a single visit to *Parkway Shenton Executive Health Screeners* at **Mount Elizabeth Hospital**, gain deeper insights into your health — powered by cutting-edge diagnostics, same-day consultations, and care designed around your lifestyle.

Our longevity-driven approach uncovers early signs of ageing and chronic conditions, empowering you to take control of your healthspan with clarity and confidence.

One Destination. Total Convenience.

All diagnostics and consultations are completed on the same day, under one roof. Results and medical review are ready within 24 hours — so you can move forward, uninterrupted.

Private. Luxurious. Purposefully Designed.

Unwind in a dedicated executive lounge with gourmet dining, discreet service, and refined comforts. Every detail is curated to elevate your experience.

Concierge Care, End to End.

From priority scheduling to chauffeured transfers, our concierge service ensures every step is seamless, personalised entirely to your preferences.

A Comprehensive Blueprint for Your Health

This is not a standard check-up. It's a deep, data-rich evaluation that maps your current health and anticipates future needs — giving you insights to protect and optimise your wellbeing for years to come.

Male — SGD \$12,388

Female — SGD \$12,888

Your Seamless Screening Journey

From planning to results, every step is designed to be effortless.

Pre-Visit Coordination

Screening & Same-Day Results

Post-Care Support

Customise your package with specialised add-on tests:

Multi-Cancer Early Detection

Blood test for up to 50 cancer types before symptoms arise.

Whole-Body DEXA Scan

Precise measurement of bone, muscle, and fat distribution, from osteoporosis risk to optimised physical performance.

Cognitive Brain Function Screen

Early insight into memory and brain health.

Sleep Study

Reveals hidden sleep interruptions and breathing issues linked to Obstructive Sleep Apnoea.

Vaccinations

Get the protection you need based on age, lifestyle, and global health risks.

Curated for
Deeper Insight

Add targeted tests to gain a more complete understanding of your health profile.

Choose from a range of advanced assessments, each selected for its ability to uncover hidden risks, support longevity, or protect against specific conditions.

Tailor your health assessment with precision — because prevention deserves nothing less.

Gastroscopy & Colonoscopy

Non-invasive scan for early detection of gastrointestinal conditions.

Musculoskeletal AI Assessment

AI-powered scan of joints, posture, and movement to detect early stress and degeneration.

Gut Microbiome Test

Analyse gut flora balance to support digestion, immunity, and overall health.

Allergy Test

Pinpoints hidden triggers, from food to dust, for clearer breathing, skin, and energy.

Rhinoscopy

Minimally invasive nasal scope to assess airway health and inflammation.
